Parent(s) and/or Guardian(s),

We will be using the following online application, which includes the creation of student accounts. Due to Utah law, we are required to obtain parental permission before your student uses this application.

Summary of what we use this application for:

I will be using this platform to send videos of me teaching and for students to submit video responses back. Those video responses will sometimes be limited to me as the teacher so I can give individual feedback and sometimes they will be open so students can respond to their peers' responses. Instead of trying to upload videos or write long comments this makes it easier to communicate face to face without the need for a class google hangout and to be on at the same time. I want the students to continue to communicate with me and their peers and this is an easy way to check in with each other.

The privacy policy and terms of use links provide answers to questions about what these applications can and cannot do with your child's personal information. Please read it carefully, ask us any questions you might have, and then sign below to indicate that you have read the notice and give your consent. Upon request, the school will provide the documents linked above for those who do not have the ability to obtain them. If you do not provide your consent, we will not create an account for your child.

I have read the documents linked above, and I give permission for Washington County School District to create and maintain an account for my child for the application listed above. In addition, I give permission for the application listed above to collect and use information about my child as described in the linked Privacy Policies and Terms of Use.

Thank you,

School
